

# IMPORTANT - PUBLIC NOTICE – ROAD CLOSURE -ASPHALT SURFACE TREATMENT

## **CLOSURE TIME: 7:00AM – 5:00 PM**

**WE WILL BE COMPLETING SEVERAL STREETS IN YOUR AREA; CONSTRUCTION MAY NOT BEGIN RIGHT AT 7:00 AM ON YOUR STREET, HOWEVER WORK IS SCHEDULED TO BE DONE**

CR Contracting has been contracted to apply a Polymer Modified Texture Seal to your street or one nearby. (see map on reverse) ... Please have all personal property (e.g. vehicles/basketball hoops/dumpsters/trailers/RVs/Etc) off the street to be sealed by **7 a.m.** so that the sweeping and preparation can be completed prior sealing. You may park in your driveway and have access to the road until **7 a.m.**

**BENEFIT-** The surface treatment process is a 1-day event and will preserve your street for 5-7 years

**TRAFFIC IMPACTS** - It will be necessary to CLOSE your or one of your access streets to driving, parking and foot traffic. Parking violators will be subject to towing. Driving to and from your driveway on the day of closure will be restricted. Your street will be open when the barricades at the ends of the street have been removed.

When first applied surface sealant is wet and sticky. Vehicles, bicycles, pedestrians, CHILDREN AND PETS must be kept off streets until seal is dry and the street is reopened. Sealant is

Do's:

- ✓ On your Surface seal day, park your car out of the work area – **BE SURE TO CHECK THE DATE OF THE NO PARKING SIGNS IN YOUR AREA**
- ✓ If it is your trash/recycling day, leave trash cans at the curb before 6:30 am. Trash trucks will either come incredibly early prior to work beginning, or at the end of the day when the street is opened.
- ✓ Drive on the street only after street has been re-opened for through traffic.
- ✓ The night before the work is to begin:
  - Remove all dumpsters, basketball hoops, trailers and vehicles parked on the street.
  - **Turn off sprinklers for the date/duration of the closure**
- ✓ Make sure you inform deliveries or visitors of the street work, and if possible, reschedule to another day.

Don't:

- ✓ **DON'T MOVE OR REMOVE BARRICADES.**
- ✓ Do not drive your vehicle during the road closure; it could ruin your car and the street which may incur fines/penalties. Wait until the street is opened for through traffic.
- ✓ **If you do not follow the above guidelines, you may damage your car & the street will have unsightly indentations and grooves in the new Sealant.**
- ✓ **Follow these driving guidelines for the next 1-2 days.**
  - **No sharp turns or U turns**
  - **No speeding**
  - **No sharp or hard breaks/stops**
  - **No stationary power steering turns**
  - **No fast acceleration**

exceedingly difficult to remove from all surfaces including skin and carpets.

If you have any questions, feel free to email
